

1-inch twist design stainless steel panel pull knob handle

What is the best stainless steel door handle set?

Look no further than the MASONLINE Stainless Steel Door Signage Push Pull Door Handle Set. This high-quality handle set is perfect for both residential and commercial doors, adding a touch of sophistication and elegance to any space.

What are recessed pull handles?

Recessed pull handles are mounted flush to a door or panel. They can be mounted by snapping them into a panel; they can also be welded or screw mounted. Plastic recessed handles are the most popular; however, we also offer stainless steel and aluminum flush handles. Our range of Metal Pull Handles have a "U" shaped design.

What are the different types of pull handles?

Plastic recessed handles are the most popular; however, we also offer stainless steel and aluminum flush handles. Our range of Metal Pull Handles have a "U" shaped design. Different design angles, including an "inclined" option provide a choice of pulling angles. This range is designed to be mounted from the operators side of the application.

What is a pull handle?

They are rear mounted with two M6 screws. This range of Pull Handles have a bridge shape with a rectangular bar. These strong handles are commonly used for both the opening and closure of doors, and for the lids on heavy cabinets.
