

What is a battery enclosure box?

Battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment. Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications.

What are industrial battery enclosures?

They are designed with different kinds of racking solutions and ventilators for heat dissipation. The specific design of these enclosures allows them to be pole, wall or above/below the ground mounted systems. The base is reinforced which increases the load bearing capacity for industrial batteries.

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.
