

What is outdoor battery enclosure?

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoors and specifically designed to store or isolate the battery and all its accessories from the external environment. Outdoor battery enclosures keep your batteries safe from weather and safe from theft.

Why do you need an outdoor battery enclosure box?

Outdoor battery enclosures keep your batteries safe from weather and safe from theft. Outdoor battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

What is the SRB6 Battery Cabinet?

This is a pre order item. We will ship it when it comes in stock. The SRB6 Battery Cabinet is an outdoor-rated enclosure that can hold up to 6x SR5K-UL battery modules for a total energy capacity of 30 kWh. The cabinet is outdoor-rated with automatic, temperature-controlled cooling fans (120VAC) to keep batteries operating at optimal temperature.

Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted.
