What applications can sunsize power & battery Battery enclosures be used for?

applications! Sunsize Power & Battery Battery Enclosures are available in various sizes and configurations for housing batteries and support equipment, engineered specifically for the PV industry but suitable in a wide variety of applications. Most of our enclosures are designed to NEMA3R and rated for outdoor use.

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

Why do solar battery enclosures need a sun shield?

A sun shield protects the solar battery enclosure from direct sunlight that would heat up the enclosure. Solar shields are basically another layer on top of an enclosure that reflect solar radiation, creating a shade and controlling inside temperature of the enclosure to prolong the life of its electrical components.

Used to secure a battery to the shelf, this hold down adjusts from 5-1/2" to 8-1/2" wide with an adjustable top hold down (8" bolt height). Multiple mounting holes are provided in the shelf for the battery hold ...
