

Why should you use the minute key self-service kiosk?

Our laser tracking produces precision copies that unlock happiness first time and every time. Know that every copy you make helps important social causes like The National Forest Foundation. With the Minute Key self-service kiosk, you can easily duplicate and copy home, business, and auto keys.

How do self-service kiosks work?

Our self-service kiosks allow you to easily copy keys within minutes. Learn more here! Just place your key into the kiosk, pick the design you like and the number of copies. Our robots will take it from there. Our laser tracking produces precision copies that unlock happiness first time and every time.

Where can I find a ticketing kiosk?

Self-service ticketing kiosks can be found on train platforms and in parking areas, offering easy and convenient ticket purchase. Rental car companies can provide superior service through video conferencing kiosks, reducing the need for standing at low-traffic locations.

What is a Kiosk Management System (KMS)?

We also offer a ready-to-deploy Kiosk Management System (KMS) to remotely and effectively manage and control kiosks across multiple locations. With the goal of optimising the self-service usage experience, our smart kiosks offer automatic height adjustment of the face capture module to the user's eye level for easier accessibility.
