

## Battery storage kiosk with horizontal double doors

Does valid manufacture a lighting & power kiosk?

Valid manufactures a large selection of lighting and power kiosks and enclosures with completely customizable options. Our kiosks are compact and designed to enable ease-of-use in a single complete solution.

What is a kiosk & how does it work?

This kiosk provides a comprehensive solution for delivering dynamic content and services, supporting both indoor and outdoor installations with high-performance PC capabilities, multiple connectivity options, and customizable software.

What is a kiosk & enclosure made of?

Kiosks and enclosures are built from aluminum, carbon, or stainless steel ensuring optimal construction tailored to each application. We are committed to providing exceptional customer service and after-sale support. Our team of dedicated service staff are available to assist customers with product specific support 24 hours a day, 365 days a year.

What sizes are available for MSK kiosks?

Choose from nine standard sizes including single, double, or triple door openings to best fit your application. MSK kiosks have a press-formed and welded mild steel construction and are supported by the appropriate certification to IP55 of BS5490 to give excellent weather protection and good earth continuity.
