

Custom-made outdoor solar battery enclosure miami florida

What is a battery enclosure?

This place is called a "battery enclosure", or what is essentially a vented box made from aluminum or fiberglass or steel. This product is perhaps more commonly called a "solar battery box"; but is also referred to as a "pole mount battery box".

What is custom enclosure fabrication?

Custom Enclosure Fabrication can be used on enclosures that require multiple protection requirements (i.e. Enclosure that requires NEMA 4/4X protection for electrical components but also requires NEMA 3R for a Solar Battery)

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box"; but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.
