

Dialysis supply enclosure for telecom outdoor

Can telecommunication equipment survive in an outdoor enclosure?

To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control. So whether you are keeping the electronic system and its components cool in the summer or warm in the winter, outfitting your electrical box with the proper heating and cooling features will protect your investment.

What makes DDB a good telecommunication enclosure?

Noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. Provides superior solar protection with its large overhang roof design. Since 1996 DDB has been solving the most complex problems within the telecommunication enclosure industry.

What makes our outdoor enclosure unique?
