What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties.

What does IP65 mean?

The second digit, 5, stands for watertight protection against dripping, splashing, leaking and low-pressure water jets. IP65 is a common rating for commercial and industrial enclosures that need strong basic protection. IP65 Electrical Enclosures from Polycase

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic, aluminum and steel varieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt, dust, debris and low-pressure water jets.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.
