

Where can I find electrical enclosures?

Electrical Enclosures are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many electrical enclosure manufacturers including BUD & Hammond. Please view our large selection of electrical enclosures below.

Why should you choose a steel enclosure?

Our steel enclosures provide excellent protection against physical damage, ensuring that your electrical equipment remains safe and operational. When you choose our Universal Enclosures, you can trust in our commitment to innovation and excellence.

What is a panel set enclosure?

Food and beverage, pharmaceutical, and petrochemical industries, as well as infrastructures, have particularly high demands in terms of hygiene and corrosion resistance. Panel Set enclosures are available in two stainless steel grades: 304L: corrosion-resistant and easy to clean. Suitable for food production.

Why should you choose a panel set enclosure?

Made from recycled materials and renewable energy sources, delivered with sustainable packaging, the Panel Set enclosures contribute to reduce CO₂ emissions. Keep people, controls and electronic components protected in all environments. Wide range of products and accessories, customisation services to fit any need, easy-to-install system.
