What are the different types of metal enclosures for electronics?

Metal enclosures for electronics are available in a variety of durable materials. Material options include diecast aluminum enclosures, extruded aluminum enclosures, carbon steel enclosures, or stainless steel enclosures. Sturdy and rugged, metal enclosures provide a degree of inherent EMI shielding and protection for your electronic device.

Are sheet metal enclosures fabricated or off-the-shelf?

Off-the-Shelf vs. Custom Fabricated: It's common for sheet metal enclosures to be custom fabricated, but off-the-shelf enclosures may present a faster and more convenient solution for your application.
