

What is a solar kiosk & how does it work?

Powered from a solar micro-grid, a kiosk becomes the retail home of power-based services such as battery charging, home lighting system sales and rentals, and rental of battery-powered tools (e.g., solar dryers, pumps). With power available for computers, the kiosk also serves as a base for training and instruction - ISV's education pillar.

Can you rent a battery pack from a kiosk?

Yes, you can rent portable battery packs from a kiosk. In 2014, Olea Kiosks was approached by outdoor advertising firm JCDecaux Airport Inc. to design and manufacture a digital charging station kiosk.
