

What are IP enclosures air conditioners?

IP Enclosures' air conditioners range from 350W to 6kW in cooling capacity. They are available in wall and roof mounted configurations, with selected models including high-level features such as alarm relays, door interlocks, RS485 communications, and integrated condensate management.

What are vertical-mount compact outdoor IP55 air conditioners?

Vertical-mount compact outdoor IP55 air conditioners are specifically designed for the cooling needs of outdoor electrical cabinets. They are optimised for door or side-panel mounting and have been designed for high efficiency and low maintenance.

What is an IP54 air conditioner?

Designed for reliability and energy efficiency, these units are available in IP54 for indoor use and IP55 for outdoor use, delivering effective protection against dust and water ingress. Air conditioning is essential when enclosure temperatures must remain below ambient conditions or when internal heat loads exceed natural dissipation capabilities.

Where can I find IP55 enclosures?

Find IP55 enclosures at Bison Profab, offering reliable protection against dust and low-pressure water jets. Learn about IP55 specifications and ideal uses.
