

Industrial battery storage Electrical Box waterproof perks

What are waterproof electrical boxes?

Waterproof electrical boxes are available in polycarbonate plastic,aluminum,and steelvarieties and are common in industries such as alternative energy,agriculture,oil and gas,food and beverage,marine,and more. We offer a variety of waterproof NEMA accessories to ensure final products maintain NEMA and IP ratings.

What is a GRP battery enclosure?

GRP Battery enclosures are used for outdoor application with weatherproof and antistatic properties,finding their major application in housing different types of industrial batteries. They are being used in Solar,Oil &Gas and other power related industries.

Are plastic junction boxes waterproof?

IP68high performance plastic junction box protected from immersion as long as 24 hours at 1m depth. Perfect for use as outdoor communication or network devices. With a silicone waterproof gasket,and supported by multiple enclosing screws from the rear side,it allows the enclosure to maintain a stable high waterproofing capability.

What are industrial battery enclosures?

They are designed with different kinds of racking solutions and ventilators for heat dissipation. The specific design of these enclosures allows them to be pole, wall or above/below the ground mounted systems. The base is reinforced which increases the load bearing capacity for industrial batteries.

Heavy batteries demand a solar battery box with extra strength and durability. In order to protect outdoor batteries from weather and damage, AZE manufactures custom NEMA 3R enclosures.
