

Industrial storage battery enclosure with uba tuba lithium rack

What is an industrial battery rack?

Industrial battery racks are structures designed to hold and support batteries in a safe and organized manner. These racks can accommodate various battery types, including lead-acid, lithium-ion, and nickel-cadmium batteries, and are crucial for applications requiring reliable energy storage solutions. Overview of Key Specifications

What types of battery racks do you offer?

We offer a wide range of battery racks, including seismic-rated, modular, adjustable, and custom-designed racks for both VRLA and flooded battery systems. Our racks are engineered to support reliable performance in utility, telecom, data center, and industrial environments.

What types of battery racks do Eagle Eye power solutions offer?

Eagle Eye Power Solutions' Industrial Battery Racks have been designed for all types of stationary battery storage rack applications, including both standard and seismic battery racking. In designing these easy-to-use battery racks, we have paid special attention to strength, flexibility, acid-proof protection and more!

Can ICS battery enclosures be custom designed?

ICS battery enclosures, cabinets, and battery racks can be manufactured as standard or custom designed to accommodate any battery string configuration.
