

Ip65 waterproof data rack with Integrated outdoor

How do I know if my server rack is ip45 or IP65?

The rating is typically represented by two digits, such as IP45 or IP65, with the first digit representing protection against solid objects and the second digit representing protection against water. At 4Cabling, we offer outdoor server racks with both IP45 and IP65 ratings, so you can choose the level of protection that best suits your needs.

What types of outdoor server racks are available?

Our range includes outdoor waterproof wall mount server racks, IP66 rated outdoor server rack enclosures and freestanding outdoor data cabinets, with ventilation (IP45 rated) or without ventilation (IP65 rated). Browse through our range and discover a fabulous product, at a sensible price, delivered anywhere.
