

Why is the IP65 distribution box a good choice?

Its rugged IP65 rating further enhances its versatility, making it ideal for dust and waterproof outdoor applications. The wide applicability of the IP65 Distribution Box is reflected in its widespread adoption in industries such as photovoltaics and construction.

What does IP65 waterproofing mean?

IP65 waterproofing is suitable for kitchens, bathrooms, vehicles and throughout the home. The DIY kit includes self-adhesive LED tape, power supply, and connectors, and the LED tape can be easily cut to size at 5cm intervals. IP65 waterproofing ensures protection against water jets from any direction.

Which HA series distribution board is best for outdoor use?

Standard IP65 waterproof HA series distribution board certified by SGS. Excellent performance on waterproof! The casing is made from anti-UV ABS and PC. It is durable enough for long time outdoor use. Best choice for outdoor devices. To protect the devices and ensure safety, flame retardant material is adopted.
