

Ip65 waterproof stainless steel industrial storage enclosure

What is IP65 stainless steel enclosure?

IP65 robust stainless steel (SUS304) enclosures for superior weather and corrosion resistance. Suitable to be used in machine industry, industry plant, food plant or chemical plant. Easy opening latch/hinged models and screw closing models are available. IP65 stainless steel enclosure with screw fixing cover.

What materials are used for IP65 enclosures?

The materials used for IP65 enclosures aren't different from materials used for other types of enclosures. They can be made from carbon steel, galvanized steel, and stainless steel- usually of the grades 304, 316, or 316L. Carbon steel is usually duller than stainless steel. It is also magnetic and more malleable since it only has iron and carbon.

What is an IP65 wall mounted enclosure?

Our IP65 Wall-Mounted Enclosure is designed to protect sensitive electrical and electronic components in demanding indoor and outdoor conditions.

Are IP65 electrical enclosures safe during stormy weather?

Even the most sensitive of your electrical and electronic appliances will be safe during stormy weather. IP65 electrical enclosures offer immense versatility in resisting any-size debris, dirt, windblown dust, and low-pressure water jets.
