What is a self-contained server rack?

Explore self-contained racks at Server Racks Online, designed to provide a complete solution for housing and managing IT, server, and network equipment. These racks feature built-in cooling systems, power distribution, and noise reduction, making them ideal for offices, data centers, and AV setups.

What is a self-cooling rack?

Self-cooling racks provide closed-loop precision cooling to help prevent mission-critical equipment in the rack from overheating. They are ideal for micro data centers or single-rack installations, particularly at the edge of a network. The warranty on this product has expired. If you need assistance, please contact us. Need help with your purchase?

Why should you choose Enconnex rack enclosures?

Premium rack enclosures for advanced applications, including real device testing racks, RF/EMI shielded racks, smart server racks, pre-customized data center racks, and more. All Enconnex racks and cabinets are engineered for performance, durability, and value. We take pride in our attention to detail throughout the manufacturing process.
