

New yankee workshop server housing measured drawing

Can you build an exact copy of the new Yankee Workshop?

The New Yankee Workshop. "Before we get started I'd like to reassure you that if you'd like to build an exact copy of today's project, that a measured drawing and a materials list is available." After building the episode's prototype, Norm created detailed measured drawings to ensure viewers could build an exact copy (or not) in their own workshop.

How long does Norm work in the new Yankee Workshop?

Working in a 936-square-foot workshop, Norm would complete a typical episode of The New Yankee Workshop in two days. He did all the work himself, using an assistant only for clean up and finishes. Each episode in the series offers step-by-step instructions for building furniture and other woodworking projects.
