

AgileRak™ Indoor Micro Data Center Fully integrated with indoor type rack, UPS power, battery, cooling, monitoring, security, and fire systems. Available from half rack to multiple racks. ...

This StackRack battery kit offers up to 10 kWh of reliable battery storage in a pre-assembled, outdoor-rated SRB2 battery cabinet. The SRB2 cabinet comes with a wall-mounting bracket.

Integrated Outdoor Telecom Cabinet with Air Conditioner (with sandwich panel double-wall structure design) is mainly used for wireless communication base station to house a variety of batteries and ...

At AZE Telecom, we specialize in designing and manufacturing weatherproof battery boxes for solar and outdoor 12v battery enclosures that ensure your batteries remain safe, secure, and operational, no ...

Outdoor energy storage cabinets, designed for durability and flexibility, are emerging as smart alternatives to traditional diesel generators or grid-dependent systems.

Discover AZE's premium outdoor enclosures designed for superior weatherproof protection and NEMA-rated durability. Perfect for industrial equipment, electrical cabinets, and outdoor installations, our ...

Perfect thermal design, efficient energy saving and emission reduction, reduce the operation costs effectively. Support quickly assembled and outfit, applicable to the top of the mountain and the scene ...

Keep your U1 battery secure and ready to go. This compact, heavy-duty box resists weather and vibration, and built-in terminals make it easy to connect accessories for your small boat, trailer, or ...

Outdoor battery racks securely house batteries in external environments, protecting them from weather, temperature fluctuations, and physical damage. Key factors include material durability ...

AZE's 27U weatherproof outdoor enclosure with 1000W air conditioner is designed to house a variety of telecommunication equipment with 19" or 23" rack rails, standard features that include HVAC climate ...

The cabinet is outdoor-rated with automatic, temperature-controlled cooling fans (120VAC) to keep batteries operating at optimal temperature. The cabinet ships pre-assembled for simple plug & play ...

Attom Micro Data Center Platform AgileRak™ Indoor Micro Data Center Fully integrated with indoor type rack, UPS power, battery, cooling, monitoring, security, and fire systems. Available from half ...

Outdoor Lithium ion Battery Enclosure mainly provides a stable working temperature and dust-free environment for lithium battery, they are integrated with thermal insulation and equipped with air ...

AZE's waterproof type outdoor battery cabinet systems are the perfect solution for housing your Low Voltage Energy Storage systems,they are widely used in a variety of applications such as Back-up ...

When you need to protect your equipment outdoors our outdoor data cabinet & server rack is the perfect durable solution. IP65 rated to protect your equipment from the weather conditions.

Support hybrid use of lead-acid and lithium batteries through original battery current sharing technology Intelligent peak shaving enables grid free from modernization Intelligent staggering power unleash ...
