

Outdoordouble door with ip65 waterproof OSHA unit

What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic,aluminum and steel varieties.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic,aluminum and steelvarieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt,dust,debris and low-pressure water jets.

What items are included in an IP65 enclosure?

Environmental controls, including thermostats, heat strips, air conditioning, passive or fan-assisted venting and insulation. "Washdown"rated fan assemblies. Light switches. Viewing windows. Fuse blocks and power panels. Casters, support legs and risers. IP65 enclosures are general outdoor cabinets that provide basic waterproof protection.

What does IP65 mean?

The second digit,5,stands for watertight protectionagainst dripping,splashing,leaking and low-pressure water jets. IP65 is a common rating for commercial and industrial enclosures that need strong basic protection. IP65 Electrical Enclosures from Polycase
