

What is an outdoor kiosk?

An outdoor kiosk is a durable, interactive terminal designed to withstand the elements and provide information, services, or entertainment in outdoor locations. They are built with weatherproof enclosures, sunlight-readable displays, and vandal-resistant features to ensure reliable operation in various conditions.

Are kiosks designed to withstand the elements?

Kiosks designed to withstand the elements. KIOSK Information Systems has designed and manufactured hundreds of the most widely recognized outdoor self-service solutions in package delivery, transportation, entertainment, theatres, amusement parks, stadiums, and resorts.

Why should you choose kiosk?

Many successful deployments have leveraged KIOSK's niche outdoor expertise to provide attractive, functional designs that are both durable and corrosion-resistant with proper placement and care. KIOSK has developed specific outdoor standards, including:

What makes our outdoor kiosk a good choice?

Weatherproof Enclosures (IP Rated): Our Outdoor Kiosks boast IP-rated enclosures, protecting internal components from rain, snow, dust, and extreme temperatures. **Vandal-Resistant Construction:** Built with heavy-duty materials and tamper-proof hardware, our Outdoor Kiosks are designed to deter vandalism and ensure long-term reliability.

The outdoor self-service kiosk uses a corrosion-resistant metal housing with anti-vandal design, providing strong protection for internal components during long-term outdoor commercial operation.
