From repurposing old furniture to transforming everyday items like rain boots into charming planters, these 20 Beautiful Upcycled Planter Ideas add a touch of personality and sustainability to your outdoor space.

What can you do with upcycled planters?

With a little creativity and resourcefulness, you can turn ordinary objects into extraordinary containers for your beloved plants. Our curated collection of upcycled planter ideas showcases the endless possibilities of repurposing old items into stunning garden decor.

Can a magazine rack be used as a planter?

There are many different kinds of magazine racks and many of them could easily be made into planters like this one. Keep an eye out at your local thrift stores and see what you can find. I rescued this doll carriage from the dump a few years ago and have used it as a planter ever since. It looks awesome when the plants spill over the sides.

Can You repurpose a wall planter?

Framing a wall planter is a fun idea and turns any planter into a work of art. This idea adds some interest to a boring wall or fence. Although it doesn't last as long as some other repurposed planters, a purse is a fun way to show off some pretty flowers. There are a few steps to doing this successfully, which I share in this post.

A CD rack becomes unnecessary when the discs are stored in a binder, but it is not a completely useless item. It can be repurposed in a number of useful new ways in the kitchen, the bathroom or ...
