

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

Which solar batteries are suitable for enclosures?

Solar batteries suitable for enclosures can be of the following sizes: 27,31,U1,8G4D,8G8D. These are groups that categorize enclosures based purely on physical size; any correlations with capacity are used as examples. Group 27 batteries are sized 30.6 x 17.3 x 22.5 centimeters. These have 80-100 ampAh.

Do heavy batteries need a solar battery box?

Heavy batteries demand a solar battery box with extra strength and durability. In order to protect outdoor batteries from weather and damage, Bison Profab manufactures custom NEMA 3R enclosures.
