

## Telecom Electrical Box for self-cooling enclosure

Can telecommunication equipment survive in an outdoor enclosure?

To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control. So whether you are keeping the electronic system and its components cool in the summer or warm in the winter, outfitting your electrical box with the proper heating and cooling features will protect your investment.

Why should you use an outdoor telecom enclosure?

Therefore, using an outdoor telecom enclosure to house these components is vital for their protection. Today's best protection is a NEMA (National Electrical Manufacturers Association) rated telecom box. NEMA 3 or NEMA 4 rated boxes are best for inclement outdoor conditions.

Does e-Abel offer a custom outdoor telecom enclosure?

E-Abel offers custom outdoor telecom enclosures with NEMA standard, protecting cables and components from rain, shock hazard and heat.

Can e-Abel survive in an outdoor enclosure?

Fortunately, E-Abel can meet your requirements. To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control.
