

What is outdoor kiosk panel?

Our Outdoor Kiosk Panel is manufactured for any kinds of 415 Volt to 33kV Panels if it is to be installed in outdoor situation, these are IP55 category panel, using rust proof sheet and paint with proper canopy at top and glass window at main door for proper viewing of the function of relays and meter/indications.

What makes a good outdoor kiosk?

The outdoor kiosk introduces a slew of variables including water, humidity, cold, heat, sunlight, dust, airborne particles, chemicals, and other elements which produce corrosion. Little animals that like to nest in them is another. NEMA, IP65, UL standards come into play. Getting power is just one of the crucial details as well as internet access.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.
