What size steel casing pipe does Ops offer?

OPS Nationwide Sales provides steel casing pipe in a variety of sizes, from 2" to 156". Our rolled and welded steel casing pipe is most commonly produced in outside diameters of 24" through 156". We can supply straight seam pipe to 48", and spiral weld pipe from 30" to 42". OPS can accommodate any plate thickness from .188" to over 1 inch.

What size steel casing does Pittsburgh pipe stock?

We were the first in the nation to routinely stock steel casing in 20-foot dead lengths. Many things have changed in horizontal casing installation methods since 1977; however, the need for Pittsburgh Pipe's straight, round, true casing pipes remains constant. We stock 10- through 72-inch steel pipe in all commonly used wall thicknesses.
