

What is the width of a double door solar battery enclosure

What is a battery enclosure box?

Battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment. Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications.

What are battery enclosures & cabinets?

Battery enclosures and cabinets are a safe way to store batteries and to protect them from the elements as well as providing a line of defense against theft.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Can I use 2 enclosures instead of one larger box?

2 enclosures may be used instead of one larger box for more battery capacity. ProStar charge controller, load center with breakers and one Group 8D gel battery leaves plenty of room for radio and monitoring equipment. 2 Deka Solar 8G8D gel cell batteries with ProStar charge controller and load center with breakers.
